SUBJECT: Change in Federal Woman's Award Ceremony

FROM: Richard P. Brengel, Director
Office of Incentive Systems

TO: Department and Agency Incentive Awards Administrators

This is to advise you that a change has been made in the program schedule previously announced for the Federal Woman's Award ceremony and banquet. Because the second debate between Presidential candidates has been scheduled for October 6, the same day as the ceremony, the program has been advanced, as indicated below, to permit persons attending the ceremony to view the debate.

	<u>Previous Schedule</u>	<u>New Schedule</u>
Reception	6:30 p.m.	6:00 p.m.
Dinner	7:30 p.m.	6:45 p.m.

Arrangements have been made with the hotel to provide a full size movie screen so that those who wish to remain after the awards ceremony may view the debate starting at 9:30 p.m. This added feature has been made possible by the Gulf Oil Foundation, which is sponsoring the 1976 Federal Woman's Award.

Your cooperation would be appreciated in making sure that persons within your organization who have purchased tickets or who may be thinking of attending are made aware of this change in program schedule and arrangements.

DAILY ITEM - 2 November 1977

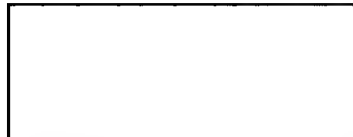

Benefits and Services Division

Change in Federal Woman's Award Program

The Federal Woman's Award Program has presented awards to exemplary career women for 16 years. During the past two years nominations were requested during the month of May.

The Agency's candidates for the 1977 Awards are:

STATINTL

DD/S&T/OD&E

NFAC/OER

Nominations have been prepared by their respective offices, at our request, in anticipation of an invitation which has not been forthcoming. When we first inquired, the Civil Service Commission advised that there was a delay because the Program was being reviewed. We have now learned that the Program will not be held in 1977 and that if one is held next year, it will be changed considerably. We are notifying the nominating offices and also the offices of those selected for the 1978 awards -

No. 14 SPECIAL SUPPLEMENT TO NOTES 1977
*This supplement is distributed to headquarters offices only.
Please circulate this information to others within your
organization with incentive awards responsibilities.*

ITEM #1 - Federal Woman's Awards Program

The Federal Woman's Awards Program is currently being reviewed for possible modifications. Under consideration is the design of a program which recognizes the contributions persons have made to the advancement of women, and encourages continued efforts to enhance career opportunities for women. For this reason, invitations to submit nominations will be delayed until this assessment has been completed. Agencies will be notified as soon as further information is available.

ITEM #2 - Hotel Accomodations for NASS Conference in New Orleans

We understand from National Association of Suggestion Systems headquarters that rooms in the Fairmont Hotel in New Orleans are no longer available for Tuesday night, November 15, 1977. The attached list of hotels in New Orleans may be of assistance to Federal Delegates seeking accomodations for Tuesday night.

ITEM #3 - Defense Logistics Agency's 10th Annual Recognition Brochure

Attached is a copy of DLA's 10th annual "Recognitions" which covers a wide variety of awards. Included are the 10 outstanding DLA personnel of the year, awards for achievements in equal employment opportunity, and recognition for the largest cash awards for a special act or service or suggestions for both military and civilian personnel. Also covered are two Presidential honors, the Distinguished Service Medal and the Legion of Merit. Another interesting aspect of the brochure is the identification of repeat suggestion award recipients during the year.

ITEM #4 - National Aeronautics and Space Administration's Ceremonial Brochure for 1977

Because copies of NASA's brochure are limited, we are unable to provide each agency with a copy. The brochure highlights the awards ceremony of October 20, 1977, in which individuals and groups were recognized for exceptional and distinguished service, scientific achievement, outstanding leadership, and contributions to equal employment opportunity. In addition, NASA recognized a number of individuals and groups in the private sector for contributions to NASA's mission. Also recognized at the ceremony were recipients of the 4th Annual William T. Pecora Award sponsored jointly by the National Aeronautics and Space Administration and the Department of Commerce. The 1977 award were
